OVERALL WINNER - The overall winner of the Festival is worked out as a total from events two, three and four. It does not include the ramp event. The winner from each event gets 50pts, 2nd place 49pts, 3rd place 48pts etc.

In the case where multiple people are tied on points in the final total, then the best result will split the tie... e.g. a 1st, 3rd and 5th will beat three 3rds.
